Sir,

I have the honor to inform you that it is reported by the Executive Engineer, Tumkur Division, that in connection with relief works to be taken up in the Maddagiri Taluk, the marginally noted two works are proposed to be taken up. There is no information in this office as to how the cost of the two works have to be met.

Road from Maddagiri to Ittakadibbana-halli.

Road from Hosakere to Ittakadibbana-halli.

2. Estimates have to be prepared for these works; and the Executive Engineer has applied for a hand for this purpose.

3. I therefore request you will be so good as to let me know whether the two works are to be undertaken and, if so, the source for meeting the cost thereof may be indicated.

I have the honour to be,

Sir,

Your most obedient servant,

S. H. Lahshu

no B 10945 of 4.4.24.

With refer^{ce} to the relief work to be taken up in the Maddagiri taluk, requests to be informed whether the two roads - Maddagiri to Hikedibbanahalli and Hosakere to Hikedibbanahalli are to be taken up. If so, the source for meeting the cost thereof may be indicated.

These two are cast tracks estimated to cost Rs 3900 and were ordered to be started at once with a view to give work to the labour class in the affected area in Maddagiri taluk.

In the ^{para 2 of} G.O. dated 4th Feb 1924, the source for meeting the exp^{se} in question was also pointed out. A copy of the

fo. was also sent to the
chief Engr. for R & B (That office was
in existence then though it has since
ceased).

In connection with the est.
hand for this purpose of preparing
estimates, it seems rather strong
that there should be an additional
hand for preparing an estimate
for Rs 3900/- It is however
left to the chief Engr. to sanction
the establishment or not.

A draft to the Chief Engr.
is put up for appl. in return.
